Oct. 25 open house caters to boys volleyball athletes

Close to a dozen boys volleyball clubs will be on hand to meet potential athletes and families at the annual Boys Club Volleyball Open House taking place at Pius XI High School, 135 N. 76th St., Milwaukee.

The event is free to attend and goes from 6 to 8 p.m. Wednesday, Oct. 25.

At the open house, clubs will set

up tables and welcome parents and athletes to stop by to meet coaches and directors, learn about schedules and costs, discover practice locations and hear what clubs have in store for the 2023-24 season.

The Badger Region will also be on hand to talk about memberships, officiating and events coming to Wisconsin in the coming

year. Stop by the table for some great giveaways and information sheets, too.

Clubs scheduled to attend the event include: Club W, Epic Volleyball Club, Mamba Volleyball Academy, Milwaukee Sting, Milwaukee Volleyball Club, Motion Volleyball Players (MVP), Ozaukee Volleyball Club (OVC), Revolution Volleyball

Academy (RVA), Southport VBC, and Spike Milwaukee.

The event will also feature a match between the UW-Milwaukee and UW-Whitewater collegiate club men's volleyball teams on center court.

For more information, contact Program Director Brian Sharkey at brian@badgervolleyball.org.

Logo contest launched for 2024 Region Championships

If you are creative and interested, the Badger Region wants you to design a logo for the 2024 Badger Region Championships.

What's your inspiration? This year, the event will be taking place in Green Bay, Appleton and downtown Milwaukee across three weekends in March. Let's celebrate our sport across the state and make the 2024 Championships logo something that all Badger Region members can get behind.

The deadline for submission of the logo is Dec. 15, 2023. You can send your samples as PDFs or JPGs for consideration in the contest. But all final images must be sent as .eps files. Send your files as an .eps to brian@badgervolleyball.org.

The images must be able to be reproduced in black and white and in four-color formats. The logo will become property of the Badger Region if it is chosen as the logo of choice for the 2024 Badger Region Championships.

Winners will receive Badger Region apparel, an Amazon gift card, a Molten volleyball, a Badger Region backpack and other Badger Region swag.

We look forward to seeing all the great submissions!

Athletes shine at Last-Chance Tryout

Close to 40 athletes attended the girls 14-and-under Last-Chance Tryout hosted by the Badger Region on Thursday, Oct. 12.

The event was organized by the Badger Region and used staff and ambassadors from the Milwaukee Gold men's semi-professional team to run the courts at the New Berlin SportsPlex.

In attendance were eight different volleyball clubs from southeast Wisconsin who were looking to fill a handful of rosters spots at their respective organizations.

"The energy throughout the night was excellent. Music played throughout the gym. It was a great time," said program director Brian Sharkey. "No offers were given on site so there wasn't any sort of stigma of seeing athletes get pulled off to the side and get offers or paperwork or any of that."

All attendees were members of the Badger Region and did not have a confirmed

offer in Sports Engine.

The Badger Region will offer a Last-Chance Tryout for girls 15-and-older in southeast Wisconsin from 6 to 8 p.m. on Wednesday, Nov. 15. Pre-registration is required and will open on Monday, Nov. 13.

If you're an athlete still looking for a club, [click here](#). To see a list of clubs still looking for athletes, [click here](#). These services are only available to boys and girls until the November tryout periods.

4C's and their impact on volleyball athletes

Brian Kenney
Team Extreme LLC

The game of volleyball is filled with many intense and competitive moments, which is one of the most attractive things about playing the sport for many athletes. Volleyball is also a layered and complicated sport with constant opportunities for earning points but also giving up points.

Teams can find themselves on the offensive attack for long bouts and then moments later they are digging on defense for several plays. This leads me to the main focus of this article which is bringing light to the 4 C's and how they are well connected to the game of volleyball. When the 4C's are well mastered, a volleyball player becomes more complete and well-rounded as an athlete.

Challenges

When experiencing the full impact of volleyball in action, there is rarely the absence of challenges. Competitive challenges allow teams to work through various ups and downs of difficult experiences by learning to collaboratively work together for the best possible outcome. When we can view challenges as opportunities to learn and grow our athletes, we see them improve and learn to embrace challenges. The need for consistent and constant communication appears to be one of the most important on the list of challenges in the game of volleyball. For athletes to continuously grow, they need to rise to the challenge of increasing their communication skills.

Choices

A volleyball game is loaded with opportunities to make a variety of choices and decisions. Some lead the team in a positive direction, and others affect the game negatively. Volleyball is unique in that it's the only sport where you cannot control the ball for more than a split second of contact and you're relying on your teammates to execute the contact before and/or after you. Every choice you make is a split second and then the ball is gone. We need to realize that with all choices comes the ability to learn, grow, and be better as people. When volleyball players can handle the outcomes of various choices, they learn that vulnerability and setbacks often allow growth to take place. Teams who have players who can do this well often see steady progress and success.

Chances

Often we hear people say "get comfortable being uncomfortable" when they reference taking chances. In the game of volleyball, they are referring to developing the ability to gain confidence in new and unique experiences that may make you uncomfortable because they are unfamiliar. Learning how to navigate newness is an art and a science happening at the same time. A combination of challenges, choices, and

taking chances allows for growth in a young athlete. This impacts various aspects of being a good critical thinker and problem solver. Taking chances and calculated risks develops a strong confidence that you can do anything you put your mind to. If you are on a passionate and competitive journey as a volleyball player, you will be head to head with chance taking forks in the road.

Changes

The game of volleyball is always changing. We need to keep up with changes and eliminate blaming and complaining when we self-reflect. We must also examine things that involve the idea of change. Change can be extremely difficult but is often very necessary to stretch us to new places and new ideas. Oftentimes, we need to look at our mindset and determine if we are fixed or open in regards to how we negotiate change. Becoming a good volleyball player is a product of acknowledging that change is necessary. As a valued volleyball teammate, this concept heightens to new levels, and it is crucial you understand how your teammates are changing and growing with you.

Gaining a deeper understanding of the 4C's can tremendously impact your game as a volleyball player and move you towards more success both as a player and as a teammate. Volleyball is such an exciting sport and has many wonderful attributes and ties to life lessons. I hope this helps you maximize your impact as a volleyball player.

² **Female Only** - Players who were born on or after July 1, 2005, (who are defined as 18 & under by the USAV Age Definition) and are in the 11th grade for the current academic year are waived to compete in 17 & under. (This age waiver is based on recruiting concerns for 11th grade girls previously required to participate in girls 18's qualifiers and the 18's GJNC.)

³ **Male Only** - Players who were born on or after July 1, 2009, OR players who were born on or after July 1, 2008 (15 years or younger) who shall neither have completed nor are in a grade higher than the eighth (8th) grade during the current academic year are eligible to play in the 14 & Under division. How to print and find your membership number/card

Registering for a tryout in advance often requires your USAV/Badger Region number.

Or, if you are registering on-site at a tryout, you might have to show proof that you are a Badger Region member by showing your member card.

How do you access these? Here is what you need to know:

- * How to add a digital membership card to a phone wallet ([click here](#)).

- * How to print a membership card from Sports Engine ([click here](#))

- * How to find my membership ID number ([click here](#))

Please make sure to purchase your membership in advance of your tryout. Do not rely on your mobile device or poor internet connections at your tryout facility the day of your tryout.

That is not fair to the club running the tryout or your athlete who should just focus on playing volleyball that day.

Questions? Email membership@badgervolleyball.org.

Rulebooks now available

New USAV rulebooks (also known as the DCR) are in that are good through the 2023-25 season.

The Badger Region will be disseminating these at the in-person officials meetings and mailing to those who we may miss those events.

Coaches and clubs will not receive hard copies of the rulebook this season as they are available on the USA Volleyball website for download.

For a link to an online edition of the DCR, please [click here](#). Questions? Email sara@badgervolleyball.org.

Have any questions about your uniforms?

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect.

To do so, the Region's Ref Chair is encouraging club directors or coaches to send images if there is any concern that numbers are not contrasting enough with the dominant color of the jersey or if a jersey is not contrasting for libero purposes.

The photos of the jerseys should not be of any junior athlete in uniform.

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

If your team plans to attend a USA Volleyball Boys or Girls Qualifier or National Championship, the Region can also help direct you as to the proper channels you must go through to get jersey waivers.

MINOR ATHLETE ABUSE PREVENTION POLICIES (CLICK HERE)

AT-A-GLANCE

2022 MINOR ATHLETE ABUSE PREVENTION POLICIES

In September 2022, the U.S. Center for SafeSport (the Center) published the Minor Athlete Abuse Prevention Policies (MAAPP) with Mandatory Components that NGBs, PSOs, and the USOPC were required to adopt. USA Volleyball adopted its 2022 MAAPP on 11/1/2022.

This document is based on the minimum mandatory components of the Center's Model MAAPP. Every Organization may choose to go beyond these minimum requirements and set standards that are stricter. Additionally, Adult Participants must be familiar with their respective Organization's policies and be aware of all requirements.

EDUCATION AND TRAINING

REMEMBER:

- If you have Regular Contact with or Authority over a Minor Athlete, or if you are an employee or board member of an NGB, PSO, LAO or the USOPC, you are required to complete the SafeSport Trained Core and subsequent Refresher Courses.
- Adult Participants who also are medical providers obligated to complete training can take the Health Professionals Course in lieu of the SafeSport Trained Core.
- Adult Participants must complete training:
 - Before Regular Contact with a Minor Athlete begins; and
 - Within the first 45 days of initial membership or upon beginning a new role subjecting the adult to this policy

IN-PROGRAM CONTACT

As the equation illustrates, all three components (Adult Participant, Minor Athlete, and Related to Participation in Sport) must be present for the MAAPP to apply. If one component is absent, then the interaction or activity would NOT be considered In-Program and thus not covered by the MAAPP.

- ADULT PARTICIPANT:** Any adult (18 years of age or older) who is:
 - A member or license holder of an NGB, PSO, LAO, or USOPC;
 - An employee or board member of an NGB, PSO, LAO, or USOPC;
 - Within the governance or disciplinary jurisdiction of an NGB, PSO, LAO, or USOPC;
 - Authorized, approved, or appointed by an NGB, PSO, LAO, or USOPC to have Regular Contact with or Authority over Minor Athletes.
- MINOR ATHLETE:** An amateur athlete under 18 years of age who participates in, or participated within the previous 12 months in, an event, program, activity, or competition that is part of, or partially or fully under the jurisdiction of, an NGB, PSO, LAO, or USOPC.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:
