Badger Region partners with Team Extreme

Team Extreme, a leader in team building workshops, has partnered with the Badger Region for the 2024-25 season.

Team Extreme owner Brian Kenney has been working closely with high school and club volleyball organizations for more than 25 years, helping to mold future leaders through trust, communication strategies and relationship building on and off the court.

For the first year of the partnership, four clubs who are interested in having a team-building workshop will have Kenney's services paid for by the Badger Region. The workshops will be 1.5 hours and can be catered to the needs of the club.

"We know how important culture is to clubs," said program director Brian Sharkey. "This partnership will help clubs build positive culture in hopes that it keeps more athletes and coaches involved in the sport for a long time."

Kenney will travel to a club's facility for these workshops which are on a first-come, first-serve basis. The relationship is an off-shoot of the sportsmanship partnership Badger Region has with Won80 (see Page 3).

Have questions or want to be considered for a workshop with Team Extreme? Email brian@badgervolleyball.org.

A combination of new and experience officials came to the Brookfield Sheraton Sunday for our first in-person ref meeting of the year. Another meeting is set for Dec. 8. And an online meeting is set for Dec. 10.

Region hosts in-person ref meeting

New officials stuck around for their own in-person meeting to go over things after the full meeting adjourned.

Director of Officials Sara Voigt led the refs through membership, policies and updates.

'Second Chance' tryout helps athletes find clubs for upcoming season

The Badger Region hosted its 15-and-older "Second Chance" tryouts on a snowy Wednesday, Nov. 20, at the OAW Indoor Sports Complex in New Berlin.

At the Second Chance tryouts, the Badger Region, with the help of athletes from Milwaukee Gold, helped two dozen athletes from southeast Wisconsin find a club to play for in the upcoming club volleyball season.

Athletes who are still looking for a club can put their name on the Badger Region website's list of Athletes Seeking Clubs. [Check out those lists, here.](#) For a list of clubs looking for athletes heading into the 15-and-older fall tryout period, [click here.](#)

So, you're new to club volleyball?

Join us for a Lunch & Learn designed specifically for new parents and athletes

We are just a few weeks away from the start of the competition season for many of the teams in the Badger Region. And with that comes a lot of nervous athletes, parents and family members who are all part of the club volleyball experience.

Don't worry, we here at the Badger Region Volleyball Association are here to help.

The Region will be host a Facebook Live event from 11:30 a.m. to 12:30 p.m. on Thursday, Dec. 12, to make the start of season go smooth for everyone who might be new to the club volleyball landscape. [To bookmark the Facebook Live event, click here.](#)

The event will be archived our Facebook page for those who cannot join us live for the event.

So, what will we be talking about? That's up to you. If you have a topic you want covered, email us in advance at brian@badgervolleyball.org.

Some of the topics currently on the table include: What a membership gets you, what does it mean to be a Badger Region member, and who handles what in the Badger Region office.

We'll also dive into the expectations of things your club handles vs. the Region vs. USA Volleyball. Our agenda also will touch on officiating responsibilities and interacting with referees.

And we'll walk new parents and athletes through the day in the life of a tournament: What to bring, what not to bring, how to navigate the tournament schedule, costs of participating (and spectating) and much more.

It's going to be an educating discussion. Come and join our staff for this great event. See you soon!

New Dig Pink experience coming to club volleyball

The Badger Region is excited to partner with the Side-Out Foundation to launch The Perfect Pass, a new Club Dig Pink campaign. The Perfect Pass harnesses the power of the volleyball community to tackle two critical challenges in breast cancer research: funding and patient participation. Through this program, volleyball teams nationwide commit to raising funds and, more importantly, expanding awareness of research opportunities for metastatic breast cancer (MBC) patients.

Clinical research is vital for advancing cancer treatment, yet connecting patients with innovative research opportunities remains a significant challenge, especially in communities underserved by major

cancer centers.

The Perfect Pass offers a unique solution by activating volleyball's vast community networks. Participating teams distribute pink ribbons with information cards at tournaments, challenging other teams to join the fundraising effort while helping spread awareness about Side-Out's research program through their personal and community connections.

Interested in getting involved? Reach out to learn how your club can engage, give back, and enhance the player experience.

Art of Coaching coming to MKE

The full slate of 2025 Art of Coaching clinics are now open for registration, including the Milwaukee event April 26-27 co-sponsored by the Badger Region. There are three ways to attend the world-class clinics – in person, streamed live online, and on demand.

Each clinic will give participants a variety of viewpoints on how to best coach volleyball from some of the game's top coaches, with specific clinics available for boys coaches, high school coaches, middle school coaches and club coaches.

Clinicians at the Milwaukee event include:

- * Ryan Theis — Marquette University
- * Marie Zidek — DePaul University
- * Mike Schall — University of North Carolina
- * Russ Rose — former Penn State University
- * Terry Liskevych — former Olympic coach

If you'd like to attend the clinic in person, use code BADGER100 at checkout to save \$100 per coach. You can save even more by registering in a group.

If you can't make it in person, use code BADGER50 at checkout to save \$50 per coach on virtual access.

Whether you're a new coach or a seasoned veteran, you're guaranteed to leave with dozens of new ideas to try in your gym next season.

Coaching application now open for All-Star program

The Badger Region is seeking coaches for positions within the High Performance All-Star program for the 2025 season.

[To apply for a coaching position, click here.](#)

Applications are due by Friday, Dec. 20. Coaches are required to attend their respective age group/gender's tryout, participate in the one-day training sessions, work the overnight camp and coach at the 2025 USA All-Star Championships in Madison this summer.

All of the above listed are paid opportunities. All coaches are independent contractors who must sign an independent contractor agreement and agree to the Region's All-Star Expectations and Philosophies.

If you are interested in volunteering at a tryout for the Badger Region High Performance All-Star program, please email brian@badgervolleyball.org.

All levels of coaches are encouraged to apply. That includes college coaches, high school coaches and club coaches. The only requirements are that the individual has a membership, SafeSport,

background screening and IMPACT certification.

Coaches not selected for camp or travel team obligations will still benefit from networking and observation opportunities with experienced HP All-Star coaches in the Badger Region.

The potential schedule for this year's All-Star program is as follows:

Input sought: Region seeks feedback on beach events

We know it's Halloween and fall is in full effect here in Wisconsin.

But that doesn't mean we can't start thinking about next summer, right?

The Badger Region is looking for feedback from athletes and parents on the topic of the Badger Region Beach Volleyball Championships.

The 10-question survey will take most people less than five minutes to finish. [To access the survey, click here.](#)

The Region is seeking input from both athletes, parents and beach coaches/directors.

The data gathered from the survey

will help us shape the 2025 Badger Region Beach Championships. That includes the date, the location and other logistics related to the event.

The survey also touches on other beach programming in the Badger Region including camps, clinics and other tournaments.

You do not have to be beach expert or even a beach participant to take the survey. We just want to hear your thoughts.

Have questions about beach volleyball or the survey, email brian@badgervolleyball.org.

Won80 shares lessons in VIRTUE

Badger Region continues partnership to emphasize sportsmanship

On Nov. 2, Mark Horbinski from WON80 was a guest of Adversity Wisconsin Volleyball Club as part of their club's coaches meeting. The topic of the day was Coaching with VIRTUE, and it was an excellent way to kick off year three of the WON80-Badger Region Volleyball partnership.

In the one-hour presentation, the coaches from Adversity reflected on why kids play sports, why they coach, and what they want the kids to learn from them through their club volleyball experience. From there, Horbinski shared his VIRTUE coaching model used to develop better players, teammates, leaders, and people. Topics of conversation included:

- * The importance of common language, shared vision, and intentionality
- * Embedding character development into daily coaching routines
- * Transformational and transactional coaching
- * Creating a competitive advantage through character

The three main goals of the Coaching with VIRTUE presentation are to validate current practices that are working well within the club, identify through self-reflection areas where improvement is desired, and share practical strategies for the implementation of the VIRTUE model.

If you are interested in learning more about Coaching with VIRTUE or would like to book a presentation, please reach out to Badger Region Volleyball at membership@badgervolleyball.org.

Virginia Beach to host 2025 National Beach Championships

USA Volleyball has announced that its 2025 Beach National Championship will be held on July 16-21 in Virginia Beach, Va.

"Virginia Beach offers a unique blend of natural beauty, a welcoming community, and a passion for sports, making it the perfect destination for athletes and fans to experience an unforgettable championship," said Dani Timm, director of sports tourism for Virginia Beach. "Our community is dedicated to creating an unforgettable experience for athletes, fans and families alike. We can't wait to welcome the USA Volleyball family to our shores and deliver an exceptional event next July."

The 2025 USA Volleyball Beach National Championship includes four competitive age groups for both boys and girls: 12U, 14U, 16U and 18U.

The event will use the new age-division definitions approved for the 2024-25 USAV Beach Tour season:

- * 18 & Under: Athletes graduating high

school in 2025 or later

- * 16 & Under: Athletes graduating high school in 2027 or later

- * 14 & Under: Athletes graduating high school in 2029 or later

- * 12 & Under: Athletes graduating high school in 2031 or later

Athletes in girls 12U and boys and girls 16U will compete July 16-18. Players in boys 12U and boys and girls 14U and 18U will compete on July 19-21.

All girls age groups will feature three divisions: Open, American and Patriot. Bids are required for entry in the Open or American divisions only and may be earned at a National Beach Tour event.

The Patriot Division does not require athletes to qualify; participants can register at any time.

Boys do not require a bid and may automatically register for the Boys Open division.

From the WIAA: Rules for coaching your own athletes

With the start of the 2024-25 club volleyball season, the Badger Region is OFTEN asked by coaches, club directors and parents "Can this person coach this athlete if they also coach at a school."

That would be a question for the WIAA, the governing body of high school sports in the state of Wisconsin. Here are a few notes they sent the Badger Region as we start club season. For a full look at the rules, [click here](#).

A. Coaches may not have coaching contact with any athletes that they will be coaching (except their own children) the following school season during restricted times. There is no distinction between varsity and junior varsity (JV) coaches, i.e., JV coaches cannot coach varsity athletes during restricted times, and vice-versa, nor any distinction between paid and nonpaid (volunteer) coaches. An exception is varsity and J.V. coaches can have coaching contact with students who have just completed 8th grade or any preceding grade up until those 8th graders actually start their 9th grade year.

B. Coaching restrictions apply to all sports during the school year... the summer being defined as when

school is not in normal session, provided such nonschool programs are not limited to students on the basis of school or team affiliation. Other than during the actual school season and as specifically approved in the summer, coaches may not have coaching contact with their athletes other than as listed above; including practicing or competing with athletes, driving athletes to nonschool competition, driving athletes to camps, clinics, etc., or having basically anything to do with the athletes' nonschool participation. Further, coaches may not:

1. Mandate athletes participate in nonschool competition, or determine who may or may not participate in nonschool activities.
2. Require involvement in out-of-season activities as part of the requirements for making a school team, earning a school letter award, etc.
3. Provide incentives such as T-shirts, etc., for participation in the off-season.

Simply put, if a person coaches in a high school program, whether paid or volunteer, he/she cannot coach students from their program after their high school season ends (Nov. 9) to the end of the school year. They can however coach their

own child(ren).

After the school year ends and prior to the first day of the high school season (or the first day of school if that is prior to the season) however, high school coaches, hired and identified by a club as a club coach, can coach their own student-athletes. This is considered "non-school summer contact," which is different from the school year contact rules.

Furthermore, high school coaches that also coach club cannot drive student-athletes from their high school programs to and from practice, competitions, or clinics, mandate participation in clubs as a condition of making the high school team, or provide incentives to high school students for participation in a club. High school coaches cannot compete or practice against their student-athletes during the school year and cannot be directly involved in the scheduling/planning/facilitation of teams in which their high school students participate during the restricted school year times.

In summary, WIAA high school volleyball coaches cannot be involved in their student-athletes club participation (aka "non-school par-

ticipation) from Nov. 9-the end of the school year. In the summer high school coaches, hired by clubs, can coach their high school athletes as part of the non-school participation rules. All club/non-school summer coaching contact must cease by Aug. 18, the first day of the high school season (or the first day of school if that is before the season). All high school coaches should make their athletic administrators aware of all coaching contact and direct questions to said individual for specific interpretation.

Can high school coaches coach their players in club?

From the end of the WIAA season (Nov. 9) to the end of the school year=NO

End of the school year to the start of school or first day of the WIAA season (August 18)=YES

This topic is currently being discussed in the WIAA Calendar and Contact committee; if changes to the rules are made, the WIAA will send communication and local athletic administrators will directly contact their high school coaches.

Have questions? Please contact the WIAA or your athletic director.

Region seeks volunteers for events

With a full slate of events scheduled for the 2024-25 season, the Badger Region is looking for your help.

Don't know service rotations or how to train your setters to play defense? That's OK. Almost ALL of our volunteers are off the court.

For the upcoming season, ambassadors will be used in a variety of ways:

- * Helping at team check-in at a Badger Region-hosted tournament
- * Assisting at an All-Star tryout or Youth Clinic handing out t-shirts and helping direct traffic
- * Handing out Badger Region swag prizes at events
- * Taking photos for social media and our website at our big events

* Helping manage our medals and trophies at our marquee tournaments

And, maybe if you're not able to help in person, we are always looking for e-ambassadors.

Those individuals are the ones who might help write articles for our newsletters or share all our posts on their own social media platforms. Ambassadors are rewarded with Badger Region t-shirts, backpacks, and other cool merchandise for being a part of our team.

BADGER REGION BOARD

HOLLY JABLONOWSKI

Role: Southeast Rep/President

Elected: 2016

Favorite part about Badger Region: My favorite part about being part of Badger Region is it's something that you can be involved in for your entire life. There is programming and opportunities from youth all the way to adult. And, we're a pretty kick butt region that many other regions look to for advice and model after.

SCOTT BLACKMON

Role: Coaches Rep/Vice President

Year elected: 2019 as VP, 2004 as at-large rep

Best part about being a part of Badger Region: I have watched this Region grow so much since arriving on this board. In my time I have watched this region grow from one person's home, to a two-person office about half the size of a volleyball court, to where we are at now; a five-person staff and an office large enough for full Board meetings and individual offices. The growth has been slow, steady and nothing short of amazing. I could not be more proud of our staff and this region.

BEAU RATH

Role: Badger Region Treasurer

Year appointed: February 2022

Best part about being a part of Badger Region: Seeing and participating in discussions with the board and staff truly discussing what is best for volleyball in the state of Wisconsin and what Badger Region can do to help further these initiatives.

CURTIS MADSON

Role: Metro Milwaukee Rep/Secretary

Year elected: 2018

Best part about being a part of Badger Region: The best part of being part of the Badger Region all of the different opportunities it provides and supports such as our Power Leagues, Badger Boys Series, Qualifier, Championships, Beach, High Performance and many more.

Year hired: Hired 2009 as the membership services coordinator, promoted to Director of Operations in 2011 with a title change to Executive Director and Commissioner in 2019.

Best part about being a part of Badger Region: The people and their successes. I love watching the littles get serves over, teams winning or coming back from being down, a player having success after doing what a coach asks, a tournament coming together after months of planning, the smiles after a successful clinic or an official getting their advancement or doing really well in a tough match. Volleyball has made such a huge impact on my life that I love being able to give others opportunities to have the same.

BRIAN SHARKEY

Role: Sr. Director Communications & Programming

Year hired: 2014

Best part about being a part of Badger Region: The volleyball community is amazing and has given me so much that I am proud to give back to the athletes, coaches and officials who make all of what we do possible. What is the importance of the Badger Region?

What is the Badger Region?

If you were to compare it to the structure of the U.S. government, USA Volleyball operates at a federal level and the Regions would operate at the state level. Regions have to follow the lead of USA Volleyball on lots of policies, but can set up the infrastructure at the local level that is best for each part of the country.

When someone has a concern, they contact their Region office.

If there are athletes that want to play and just compete at the local level, the Region can direct them to those resources. If they want to travel the country and compete on the national stage, Regions can point athletes and coaches to those types of opportunities, too.

Regional Volleyball Associations, like the Badger Region, are the grassroots, localized, customer-support hubs throughout the country.

USA Volleyball sets the standards, structure and the framework that the 40 Regions of USA Volleyball operate within.

USA Volleyball is also the only entity in the United States that can send a team to the Olympics, NORCECA or other FIVB Championship Events.

The Regions work very closely with the clubs because the clubs are working with athletes, coaches and officials in the community.

Regions are on the ground level where that 10-year-old gets his first serve over the net, or where an official advances to her next level or where a coach receives mentoring that helps them guide future ballers.

USA Volleyball names John Speraw as new president and CEO

USA Volleyball has announced that it has hired John Speraw to serve as its president and Chief Executive Officer, starting on Oct. 1.

Prior to becoming the eighth CEO of USA Volleyball, Speraw has served as head coach of the U.S. Men's National Team since 2013 and has been part of the team's leadership for almost two decades.

"My journey with USA Volleyball began in 1997 as an assistant coach for the World University Games team," Speraw said. "Reflecting on the teams, players, staff and experiences over the years, I am filled with immense gratitude. To now be entrusted with the opportunity to lead USA Volleyball as president and CEO is both a profound honor and deeply humbling.

"This journey has deepened my passion for this organization—representing our country, advancing the sport, and elevating the experience for everyone involved. I am sincerely grateful to the USA Volleyball Board of Directors for this honor and responsibility. I am ready to lead. I am ready to serve."

Speraw's coaching and leadership roles within USA Volleyball bring a unique blend of executive vision, recognition of the diverse and complex ecosystem of the sport and expertise in the international scene.

His strategic vision of the sport's evolution is critically important as USA Volleyball prepares for the 2028 Olympic and Paralympics in Los Angeles and the 2032 Games in Brisbane, Australia.

Speraw is also the founder of First Point Volleyball, an organization dedicated to supporting the growth of boys' and men's volleyball across the country.

"The search group composed of key USA

Volleyball Board members concluded that John's overall sport acumen, demeanor, energy, leadership skills and vision for the future of the sport were clearly aligned with the Board's expectations for the next generation of USA Volleyball," said USA Volleyball Board of Directors Chair Dave Gentile

"Along with the full Board and staff, I look forward to working closely with John over the next several years as he prepares the organization for LA28 and beyond. We are also confident that John's leadership will always have the mission and role of USA Volleyball as the National Governing Body of the sport of volleyball at the forefront of all we do."

Besides coaching the U.S. Men's Team, Speraw has been the head men's volleyball coach at UCLA since 2012 and guided the Bruins to the NCAA Division I-II National Championship in 2023 and 2024.

Are your program's jerseys compliant?

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect.

To do so, the Region's Ref Chair is encouraging club directors or coaches to send images if there is any concern that numbers are not con-

trasting enough with the dominant color of the jersey or if a jersey is not contrasting for libero purposes. The photos of the jerseys should not be of any junior athlete in uniform.

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

If your team plans to attend a USA Volleyball Boys or Girls Qualifier or National Championship, the Region can also help direct you as to the proper channels you must go through to get jersey waivers.

E.S.P. program recognizes sportsmanship

Wristbands given to adults being great role models

Sportsmanship isn't a suggestion for the way every player, coach and fan should act on and off the court. It is the expectation.

To reward those exceeding expectations, the Badger Region wants to recognize you.

The 2023-24 marks the eighth year of the "Enthusiastic. Supportive. Positive." program that highlights volleyball enthusiasts, specifically fans in the stands.

Last season, tournament directors throughout the Region distributed close to 250 wristbands at events and tournaments, and we're looking to hand out hundreds more.

Then, at the Badger Region Championships in March, anyone (adults/spectators only) who was awarded a wristband throughout the year, will be eligible to

win Badger Region gear such as T-shirts, water bottles, mini volleyballs and other cool swag.

So, what do you have to do to get a wristband? Support your team! Be positive! Show character that would make your mother proud!

Get a little crazy. Go the extra mile. Recognize the good in your team and others. Get excited when even your opponent makes an amazing save or play.

Don't cheer against another team. Don't taunt or heckle officials, coaches or players. Don't give your club or team a black eye with any "in your face" cheers.

Tournaments directors, Badger Region staff, referees and board members are watching.

If you get one of our colorful "ESP" wristbands, come to the Championship Desk at the Badger Region Championships for prizes. Anyone with a wristband gets one entry into the raffle. At certain points throughout the day, names will be drawn for the prizes.

The only rule: You must have your wristband on at the time of the raffle to receive your gift.

The ESP program is designed for recognition of adults or other individuals who are "outside the

lines." Winners do not have to be Badger Region members.

If you have someone like an athlete, coach or official who is deserving of recognition, please fill out a nomination form for the "Caught Doing Good" program (see below).

If you are a tournament director running a Badger Region/USA Volleyball-sanctioned event in 2023-24 and would like to request a package of wristbands for distribution at your event, contact Program Director Brian Sharkey at brian@badgervolleyball.org.

Nominate a coach, player or ref for special honor

'Caught Doing Good' now in its third year

The Badger Region knows there are great people who play, coach or officiate our great sport in the state of Wisconsin.

Now is the time to take a second to recognize him or her for their outstanding character, leadership or contribution to the Badger Region or others in the volleyball community.

[To nominate an individual for "Caught Doing Good," click here.](#)

The 2023-24 season marks the third year of the "Caught Doing Good" program in the Badger Region.

In the past, some examples of folks Caught Doing Good were of coaches who took on multiple teams in the wake of situations at their clubs. There have also been coaches who have gone above and beyond to lead by example and be amazing role models for the young men and young

women in their care.

Some athletes have been recognized by their coaches or fellow teammates for their amazing show of sportsmanship, leadership and character on and off the court.

Just because a coach or athlete receives an award does not mean they are the best

coach in the Badger Region or the best athlete. It means they are doing things the right way, and in ways we can all learn from.

Nominees for "Caught Doing Good" will be eligible to win awesome prize packs from the Badger Region including Molten packs or volleyballs, Badger Region apparel or other Badger Region-branded items such as fanny packs, coolers or mugs. Winners will also be featured in future Badger Region newsletters.

"We want to recognize the people on the court who are models of behavior for the rest of us," said Program Director Brian Sharkey. "It's much friendlier on our end to celebrate the positive stories than have to reprimand those that don't have their priorities in order."

Only Badger Region members (coaches, club directors, tournament directors, athletes, administrators, athletic trainers, etc.) are eligible for Caught Doing Good awards.

Have questions about Caught Doing Good? Email brian@badgervolleyball.org or call 414-313-9055.

Region to host 2025 All-Star event

Madison chosen for elite tournament

The Badger Region Volleyball Association and the Madison Area Sports Commission (MASC) are proud to announce that Madison and the Alliant Energy Center have been selected to host the 2025 USA Volleyball All-Star Championships. The event will feature All-Star teams from across the country composed of boys and girls players, ages 13-19, as well as officials from around the nation.

Madison was selected from various sites around the country by the participating programs. It will be the first time a Wisconsin city has hosted this prestigious event since 2010, when it was held in Wisconsin Dells.

"We are very proud to be hosting this event in Madison, in partnership with the Madison Area Sports Commission," said Badger Region Volleyball Executive Director and Commissioner Jennifer Armson-Dyer. "Wisconsin is a hotbed of volleyball at all levels, and to be able to bring this event to our local community is very rewarding. We're looking forward to showing the juniors volleyball community what Madison is about."

The event will take place in late July 2025 at the Alliant Energy Center and will feature four days of competition across nine divisions of both boys and girls volleyball ages 13-19. More than 100 participating teams will come from the 40 regions of USA Volleyball along with international teams. In the past, teams from Canada, Puerto Rico, Australia and New Zealand have attended the event.

Not only will players, coaches and spectators travel from around the nation to Madison, but officials will as well. Each participating region sends experienced and up-and-coming officials to work the event and be mentored by world-class officials to gain experience officiating high-level volleyball and making important connections to further

The Badger Region brought home two gold medals from the All-Star event in Tulsa in 2022. The event will be in Madison in 2025.

their careers.

"Hosting this prestigious tournament in Madison -- one of the epicenters of volleyball has long been a goal of ours," said Jamie Patrick, VP of MASC. "We look forward to continuing our partnership with Badger Region Volleyball to welcome athletes and their fans to compete, cheer and enjoy volleyball and activities in the indelible Madison."

The All-Star Championships started in the early 2000s as an elite-level event designed to showcase regional All-Star teams along with national training teams from USA Volleyball, the national governing body of volleyball in the United States, in multiple age divisions. Previously known as the High Performance Champion-

ships, the USA Volleyball All-Star Championships are now run by the Regional Volleyball Associations and it is endorsed by USA Volleyball as a "pipeline" event to the National Team Development and Olympic programs.

Badger Region has been a participant in this event since its beginning, capturing 15 medals, including most recently a bronze medal by the U13 girls team last July in Fort Lauderdale, Fla., and a gold medal by the U17 boys and U17 girls teams in 2022 in Tulsa, Okla. The 2024 All-Star Volleyball Championships will be held in Des Moines, Iowa in mid-July. Information about the Badger Region Volleyball tryouts for the 2024 teams will be announced in January.

For more information on the event as details emerge, please visit the Badger Region website at www.BadgerVolleyball.org or contact us at membership@badgervolleyball.org.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:
