Won80 sportsmanship events a success

This year, the Badger Region made it a priority to promote positive sportsmanship through various presentations from Won80, the Caught Doing Good recognition program and the E.S.P. (Enthusiastic, Supportive, Positive) wristband program.

Won80 founder and owner Mark Horbinski made appearances at a half dozen clubs where he gave a presentation called "My Coach Plays Faves." He also did a video Lunch & Learn on the Badger Region Facebook page and made gave a presentation at the Badger Region Championships focused on "sportsmanship" and knowing that we are all in this together.
Horbinski's message was well received and we hope is reflected by all Badger Region clubs at future events.

Medal-winning player now a medal-winning coach

Jessica Huber knows what it's like to be a Badger Region Champion.

The RVA 16-Navy Assistant Coach and RVA 10-Navy Head Coach has now won hardware at the Region Championships as both a coach and a player.

Huber took the time to answer some questions for the Badger Beacon:

Growing up I played at multiple clubs but RVA was the one I stayed the longest/finished at but most importantly the one I called "my volleyball home" because of the coaches, the friendships and the many memories created.

What made you want to come back and coach?

Since my time at RVA and after playing and being the president of the UW-Whitewater women's club volleyball team, I knew it was always a dream to come back and coach where my best volleyball memories were created.

One of these memories being the 2016 Badger Region championships. It was my first season (15s) with RVA with coach Sean Curley, and it was a day I truly will never forget. Making it to the championship was a dream in itself. Went from having a hard fought battle against Capital, the adrenaline rush of game point, the win and the team storming the court into one big pile, and to getting the first place medals put on us.

Describe what it's like to be on the other side:

Now that I am back, coaching girls 16 Navy along side coach Heather Curley, I

was asked to wear my medal this year to show my players and to remind them of my experience. During a time out one of the girls grabbed the medal and said "this is what we are playing for." To bring these girls to the semi finals was a flashback and a dream I had for them. Although not the outcome

we wanted, we still walked away with a third place finish and a medal that I hope they keep out and are proud of, just like I did all these years.

What is your message to your athletes?

Since my time playing has come to a close, I have always told my girls to play every game likes it's your last because you never know. I would do ANYTHING to be in their position just to play one more game but being able to watch them play brings me back and makes me feel like I am playing again through them.

I get to share my passion for the game and there's nothing more rewarding than that.

I coach for the love of the game, and to be able to give these girls an experience they will never forget, just like I never forgot.

WORKCREW SHOUTOUTS

360 Volleyball Academy did an amazing job officiating during pool play at the Badger Region Championships.

Official Bart Wagner

Milwaukee Sting12-Black was one of the best work teams we had all year. The communication between the R2 and the table was awesome.

Official John Nelson

Impact 17 Blue team coached by Autumn Bornick and Kevin Martin was an outstanding work crew. All did a very good job. Kierstin Martin was perhaps the best player R2 I have ever worked with. Everything she did met the highest standards for certified officials.

Official John Wasserstrass

Just wanted to acknowledge a work crew. RVA 12 Pink did a FANTASTIC job on Saturday 3/11 at the Jr Red Knights tournament. The girls were well trained in all aspects and I appreciated them and the effort RVA has obviously put into it.

I especially want to call out #10 Corrine Papp. She worked as an R2 and was AMAZING! She knew what she was doing, and I think she could be an R1 at 12 years old right now.

Well done RVA!!

THE DOPE SHEET

Noise for the Boys from Frisco Mo and Badger Region Volleyball

Issue 5 VOL 1 2023

THE SECRET TO IMPROVING YOUR GAME IS NO SECRET: PLAY VOLLEYBALL

Before you know it, it'll be August and high school tryouts will be in full force. I know, I know, you're saying, "Back off lady it's only March. Let us enjoy the good times that Wisconsin summers bring!" If you're including some volleyball camps, clinics and tournaments in your summer, it's a deal.

Badger Region is chock-full of information regarding camp, clinic and tournament information. Take a look at badgervolleyball.org and you'll find a great place to start. Your club may offer lessons, camps and clinics. Your high school likely has a camp and open gyms. There are parks all around that have sand courts and at the very least a lot of open space to set up a net of your own. Make some volleyball fun. Play, play, play.

Why is this important? The only way you get better at volleyball is to play volleyball. It doesn't happen by sitting on the bench of the 1s team. It doesn't happen by watching AVP matches on the tube. It certainly doesn't happen by scrolling through top plays on Insta. Get out there and get better. Playing in the sand helps develop your passing, setting and court awareness. Playing on the grass does the same. Plus, you're adding to your fitness quotient and that's a win for any coach or program. The more you play, (and have fun), the better you'll be in competition.

Sign up for tournaments. There are plenty! It's another way to gain game time experience. Every team - whether in volleyball, in a classroom or on the job - needs leaders. Do the work, have fun and be ready to compete. If you're organized, you're already ahead of the pack.
That's the straight dope from Frisco Mo!

WHAT DO YOU KNOW?

Pop quiz! Answers in the next issue of The Dope Sheet.

1. What are the dimensions of an indoor volleyball court?
2. What is the maximal number of sets in volleyball when playing at the international level?
3. What is the player who doesn't take part in the block next to the net called?
4. What types of serves are there in volleyball?
5. How many times is it allowed to throw the ball into the air to serve?
6. Can you block the ball when it's being served?
7. How much time is given once the whistle blows to make your serve?

NEXT ISSUE: SOME STATISTICS ON BOYS VOLLEYBALL

'TIS THE MIDDLE OF THE SEASON

Mark Horbinski

'Tis the middle of the season
for teams across the state -
with games left on the schedule
that will ascertain their fate

The gyms and sport equipment
are all maintained with care -
for use when student-athletes
and spectators get there

Coaches are watching game film
and studying their charts -
while thoughts of state championships
fill their minds and their hearts

But our season isn't going
quite like in our dreams -
too many losses have already
sealed our fate it seems

The more I dwelled upon this fact
it made me even sadder -
If we can't win the trophy,
does playing even matter?

And if we play will we be judged
based solely on the score?
What's there to gain by pushing through
and risking even more?

I went upstairs into my room
and put myself to bed -
then nodded off to sleep
with all those questions in my head

I hoped that in the morning
all the answers would be clear -
that I'd find the reassurances
to eliminate my fear

Then like a lightning bolt it struck;
while I was fast asleep -
there are many lessons I can learn
and reasons to compete

Winning's a desired result
and one we all should chase -
but you probably won't win every time;
that's a fact you have to face

So be humble in your victory,
gracious in defeat -
be thankful for your health
and the honor to compete

Appreciate your teammates
and their role on the team -
without them all you wouldn't be
running down your dream

Respect and honor the game you love
through sheer determination -
be coachable, be approachable
and serve as inspiration

A teammate everybody loves
that helps the team to thrive -
a role model for the younger kids;
a goal for which to strive

Rise up above the bitter sting
that comes with falling short -
learn from the past and look ahead;
that's the best retort

Don't rise too high, don't sink too low
based on the final score -
the story of how you compete
will tell us so much more

Don't lose sight of the lessons
athletics has to teach -
because the conference title
is now beyond your reach

While the scoreboard shows the outcome
of the game you just completed -
Your character and attitude
can keep you undefeated!

Thank you to our clubs who have completed ref-training

University Athlete a benefit to all players

For any Badger Region athletes participating in our marquee Badger Region-hosted events (Champs/Qualifier/Power League) as well as other out-of-state qualifiers, we want to encourage you (or your sons & daughters) to fill out a FREE University Athlete profile to help your son or daughter get recruited.

University Athlete is a great way to allow college coaches access to your information free of charge. How does it work? College coaches can download rosters from AES (the software that runs most tournaments) and put it on their devices where they can then add notes, ratings and see your schedule. The college coach is the one who pays for the service -- not the athlete or the tournament host.

University Athlete is the industry standard. And it doesn't help the athlete if he or she doesn't have a profile in the

system.

Curtis Madson, a collegiate coach and Badger Region Board Member agrees.

"As an athlete this is the easiest and one of the most beneficial things you can do. Everyone talks about and are worried about what events they attend so that they can be noticed, but as a college coach there is nothing more frustrating than noticing you as an athlete and not having any information to contact you with," Madson said. "This is a free service to you as the athlete, that almost ALL college coaches at these events use. If you want to put yourself out there, and give yourself the best opportunity to be recruited, PLEASE fill out the profile and provide an email at a minimum."

For more information, go to: <https://universityathlete.com/> an fill out the free athlete profile.

Share your pics, stories with the Badger Region

With the start of the new year only a few weeks away, the Badger Region is once again looking forward to a handful of opportunities to feature athletes, coaches, officials and fans in the pages of our newsletter and on our website and social media.

Here's where you can come in.

You can submit a photo for the Badger Region Team of the Week. Winners of the **Team of the Week** will have Badger Region swag (mini volleyballs, lanyards, magnet clips, pens, pins and other fun stuff) sent their way for the whole squad. Just email your photos to brian@badgervolleyball.org or tag us on your social media.

You can also nominate someone for our **Caught Doing Good** program. This is for those fans, coaches, officials, players, etc. who go above and beyond. They are the ones who stay after practice and clean the gym. They are the ones who put in the extra half hour to help after practice if someone needs added training. They are the ones you go to get stuff done. To fill out a CDG nomination and see previous winners, click here: <https://badgervolleyball.org/caught-doing-good/>. All winners and the folks who nominated them will get Badger Region apparel and other swag.

Questions? Email brian@badgervolleyball.org.

Get your jersey questions answered

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect starting in the 2020-21 season regarding uniforms.

To do so, the Region's Ref Chair is encouraging club directors or coaches to upload images to this link (below) if there is any concern that numbers are not contrasting enough with the dominant color of the jersey or if a jersey is not contrasting for libero purposes.

UPLOAD HERE: <http://badger-volleyball.org/jerseys/>

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

Badger Region, Frisco Mo partner for unique Wisconsin-themed volleyball shop

How do I get fun, Badger Region apparel all year round? Now you can thanks to a recent partnership between the Badger Region and Frisco Mo.

The online-only shop offers everything from pillows and posters to stickers and mugs to the more traditional hoodies and t-shirts.

A permanent link to the store now sits on www.badgervolleyball.org.

A portion of the proceeds benefits future Badger Region programming in the state of Wisconsin. For a link to the shop, click here.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:
