What is SafeSport, and why is it vital?

By Jennifer Armson-Dyer
Executive Director

As a parent, guardian, coach or adult in charge of children and young adults, safety is often one of our biggest concerns. We childproof the house, make sure the car seats are buckled right, teach the kids how to cross the street and don't talk to strangers. But did you know that most forms of abuse and misconduct come from someone your child knows: Family, friends, coaches or other trusted adults? That's eye opening. So now what? We educate and prevent.

The US Center for SafeSport was formed by the United States Congress in 2017 and governs all participants in the Olympic Movement. USA Volleyball, as the National Governing Body for the sport of volleyball in the United States, is part of the Movement and therefore abides by SafeSport oversight and policies.

As a member of USA Volleyball, Badger Region is proud to support SafeSport, to bring awareness, education and reporting for abuse and misconduct. While it's not fun to talk about, or maybe even take the training on, it's one of the most important things that an adult can do: take action to protect our children.

Not all volleyball organizations or events abide by, are governed

Free beach clinics June 14-15

Space will be limited for an opportunity to work with professional beach volleyball player Tomas Goldsmith at one of two Badger Region clinics June 14-15.

The Badger Region will host a pair of free clinics at Bradford Beach in Milwaukee this summer to help promote the beach volleyball scene and give young athletes the chance to train with Goldsmith, who has played on the AVP tour and runs Volley-Life. He is also a member of the Milwaukee Dive team's semi-professional indoor team and a former member of the Badger Region PVL team.

The clinics will take place

from 10:30 a.m. to 12:30 p.m. on June 14 and 15 and is limited to the first 30 athletes of each gender to sign up.

The June 14 event is for boys of all ages. The June 15 event is for girls of all ages.

[To register for the event, click here.](#)

Participants in the clinic will be entered to win apparel or free entry to the 2023 Badger Region Beach Championships that will take place July 29-30 at Bradford Beach.

A Badger Region / USA Volleyball membership is required for participation in the summer clinics. The Region will accept one-event memberships or summer membership that are available on the "membership" tab at www.badgervolleyball.org.

Recruiting tips focus of June 6 Lunch and Learn

Set aside your lunch hour on June 6 at 11:30 a.m. to learn some of the important things you need to know about recruiting as we head into summer.

The Badger Region will host its monthly Lunch & Learn on [Facebook Live](#) to talk about things that should be included with a recruiting video, how to reach out to coaches and what to say, and what you need to know about the recruiting timeline.

Associates from Hudl will also be part of the discussion thanks to the new partnership with the video analysis company and the Badger Region. Send your questions in advance to membership@badgervolleyball.org.

Badger Region Beach Champs July 29-30

Last year marked the return of the Badger Region Beach Championships to Bradford Beach, and this year hopes are to make the event bigger and better than ever before.

Registration for the marquee beach event of the summer is now open. To register your team, [click here](#).

The event will offer adult divisions and quads (co-ed) on Saturday, July 29, and will offer Girls 12-18s divisions and Boys 14-18s divisions on Sunday, July 30.

The event is again being powered by Wisconsin Juniors Volleyball Club in partnership with the Badger Region Volleyball Association.

by or participate in SafeSport, so please be aware of the child protection standards when choosing different options for clinics, camps, events and clubs.

All clubs registered with Badger Region and all events approved by Badger Region, one of the other 39 Regions and/or USA Volleyball all fall under SafeSport. That means that all adult participants have had some level of training on child protection and abuse that is consistent with what is mandated by Congress.

With the revamping of the Badger Region website, we've also re-worked our SafeSport page (<https://badgervolleyball.org/safesport/>) to include additional information and resources for all adults as well as children and young adults.

Reporting & Abuse

1. If you are aware of abuse, report to law enforcement immediately.
2. Be aware of your [mandatory reporting requirements](#). Also be aware that state laws and the SafeSport code may differ.
 - a. The SafeSport mandatory reporting requirements also include sexual misconduct and emotional / physical misconduct in addition to child abuse and neglect.
3. If you are not sure the violation reaches the level of SafeSport, you may choose to either file a report with them, or with the Badger Region.
4. Cases not rising to the level of SafeSport will be referred to the Badger Region for adjudication. Badger Region, conversely, will report received cases to SafeSport based on severity.
5. Knowingly making a false report is a violation of policy and will not be tolerated. However, good faith reporting is protected under the same policy.
6. Confidentiality versus Anonymity
 - a. While we understand that it may be uncomfortable to make a report, we highly recommend those submitting claims include a name and contact information. If that is not included, oftentimes nothing can be done to investigate or further the concerns. This leaves the potential victim in harm's way for the misconduct to continue.
 - b. Anonymous reports do not fulfill mandatory reporting requirements
 - c. Both the Center and Badger Region take measures to protect the identity of those making the report, especially in third-party reporting situations.

Wow. That's heavy and scary. But would you be able to identify different types of misconduct? We can help. SafeSport has a robust training program for all adults involved to be able to help identify the severe

and also less severe but still potentially damaging forms of misconduct and abuse. Sometimes it isn't visible or doesn't leave physical marks, but it is still abuse.

Training & Education

1. SafeSport training is good across sports within the Movement. Meaning, if you're also a coach for hockey or soccer and have taken SafeSport, the course also covers you for volleyball. Reach out to membership@badgervolleyball.org, and we can help you get it connected to your membership profile.

2. The SafeSport training is now annual and on a four-year cycle. In the first year, participants will take the core course and in the next three years, refresher courses. In the fifth year, the core course will be taken again. The correct course will be retained in the membership account.

3. The SafeSport training can take some time to complete, so please don't wait until the last minute.

4. Members who are 18, or will turn 18 during the season, will be required to complete SafeSport. This must be done before turning 18, or immediately upon turning 18, or they're not allowed to participate. Because there's a lot going on during the middle of the season, we recommend that anyone who is 17 take SafeSport prior to the season to prevent any issues.

Why does an 18 year old who is still in high school need to take this? Child safety and protection. Even though they're still on a team, they are now technically an adult and have different standards and requirements.

Also, with potentially even more access to see abuse or misconduct in action than coaches or other adults, having the education on what the misconduct is can stop it or assist in getting help.

Minor Athlete Abuse Prevention Policies (MAAPP)

You may have heard about [MAAPP](#), or you had to sign some forms or sign into GroupMe at the start of the season. These are requirements under the SafeSport code that govern communication, travel and

other one-on-one interactions, including meetings and individual training sessions. [Click here for the full MAAPP.](#)

I hope there are many things you take from this article, but if there's one thing, let it be this. UNDER NO CIRCUMSTANCES SHOULD AN ADULT EVER COMMUNICATE OR BE ALONE ONE-ON-ONE WITH A CHILD. Even related individuals should have parental consent. If a coach needs to text or message a youth in some way, there should be someone else on the message, whether it's a parent/guardian or another coach.

If there are situations where a youth and coach are having a meeting, there should be someone else in the meeting (two-deep leadership), or the meeting should happen in a public place, like a hotel or gym lobby. No closed doors, no back hallways or stairwells with no foot traffic.

The guiding principle is this: adult interactions with minors should be observable and interruptible. Someone not involved in the interaction should be able to see the interaction, and interrupt the interaction if they're not involved.

This principle is not only for the protection of the youth, but also for the adult, in order to be protected from allegations of inappropriate behavior.

SafeSport Resources

What can you do about any of this? This will never affect you, right? You'd be surprised. Educate yourself and those around you, even on the basics. In our website revamp, we've added definitions to help you and your family learn what makes up the different types of abuse and misconduct. There are now links to different resources for clubs, athletes/youth, coaches/adults and parents/guardians in addition to a podcast library. There is an Emotional and Physical Misconduct Toolkit to help address these situations. All of these items can be found on the [Badger Region SafeSport page](#).

If this is all overwhelming, please reach out, either to membership@badgervolleyball.org or directly to Executive Director / Commissioner Jennifer Armson-Dyer, the Region's SafeSport contact and liaison to USA Volleyball. Good faith reporting (meaning, you're reporting something because you believe something is wrong) is protected in the Code and no one can retaliate without consequences. If you're experiencing abuse, you know someone who is, or something just doesn't feel right, trust your gut.

Visit the [Badger Region SafeSport page](#) to educate yourself and do your part in protecting minors in sport.

Region offers outdoor net rentals

The Badger Region invested in 12 outdoor nets and is offering rental of those nets for Badger Region clubs and members to bolster beach or grass programming in their organization.

If you or your club needs nets that might be used for an outdoor tournament, clinic or social gathering, contact Program Director Brian Sharkey at brian@badgervolleyball.org or call/text him at 414-313-9055.

All of the Park N Sun net systems include:

- Two poles
- Net
- Rope tiedowns
- Metal stakes
- Court lines with stakes

Renters would be responsible for all set-up, take-down and transportation (to and from the Badger Region office) of the outdoor nets rented from the Badger Region Volleyball Association. (Mallets/hammers to anchor stakes are not included)

Nets will be rented at the following rates:

- 1-4 nets: \$25/weekend/net

- 5-8 nets: \$20/weekend/net
- 9-12 nets: \$15/weekend/net

If you or club agrees to rent three or more times throughout the summer, an additional 20 percent will be taken off your rental rate. Individuals must be a member in good standing with of the Badger Region in order to rent the outdoor nets.

Payment in full must be made with credit card prior to rental. An electronic invoice will be sent in advance of the pick-up date.

All materials must be returned to the Badger Region office in the condition in which they were rented to the club or individual. Damaged net systems will result in a fine of \$250 to the credit card on file.

Please schedule rental of nets at least three weeks in advance of the date needed for the net systems.

Quick response is vital to saving lives in emergency situations

Kai Lerner was a young, vibrant, three-sport athlete at Waukesha North High School. Sadly in 2019 he also became a statistic, and one that is far too common among high school athletes. Kai collapsed while playing basketball with friends and passed away from sudden cardiac arrest.

Every year, an estimated 2,000 high school athletes across the U.S. lose their lives due to sudden cardiac arrest, or SCA. Sudden cardiac arrest is the leading cause of death in student athletes and is often due to undiagnosed heart conditions. In March, 2022, Gov. Tony Evers signed into law the Kai Lerner Bill, intended to raise awareness of SCA in athletics.

According to Alec Johnson of JSOnline, "The bill will require the Wisconsin Department of Instruction to work with the Wisconsin Interscholastic Athletic Association and at least two pediatric cardiologists to educate coaches, athletes and parents about the nature and risk of sudden cardiac arrest during youth athletic activities."

Of course, education is key, but so is response time. Studies show that a quick response by someone trained in CPR & AED can increase the likelihood of surviving an SCA event by three-fold. Those are numbers worth paying attention to, and the more 'first responders' we have at any place at any time, the better.

The first week of June is CPR/

The 1st week of June is CPR/AED Awareness Week

AED Awareness Week in the U.S. Established in 2008, this week is set aside and heavily supported by the American Heart Association to raise awareness of the ability to save lives if we simply have more Americans trained in CPR and AED.

Responding to that need is CPR For All WI, a relatively new Southeast Wisconsin based-business offering flexible, onsite CPR, AED and First Aid training. CPR For All WI is owned and operated by Chris and Rebecca Franson. They are passionate about spreading

knowledge of CPR, AED and First Aid, and, with four children who previously played club volleyball at Badger Region clubs, all the more so as it relates to young athletes who so often can be saved if someone responds quickly to an SCA event.

Chris explains that the risk to young athletes should not be underestimated. While undiagnosed heart conditions are often at fault for SCA in young athletes, a condition called Commotio Cordis is also a risk in certain sports. Cleveland Clinic defines it this way; "Commotio cordis is a condition in which an abnormal heart rhythm (ventricular fibrillation) and cardiac arrest happen immediately upon an object striking the chest directly over the heart at a very critical time during a heartbeat."

Further, they state; "Can you survive commotio cordis? Yes, you can survive commotio cordis if you receive cardiopulmonary resuscitation (CPR) and defibrillation (AED) right away."

CPR For All WI offers flexible

training options for groups of nearly any size, delivered anywhere in the state of Wisconsin, directly by Chris and Rebecca Franson and through their network of licensed trainers. Chris' background includes 27 years as a Paramedic in Waukesha, as well as teaching those skills at Waukesha County Technical College. Rebecca has taught for 12 years, and is also a regional faculty advisor responsible for individuals who provide training for one of the Southeast Wisconsin districts of the American Heart Association, the licensing organization.

If you would like to learn more about CPR/AED and First Aid training, you can reach Rebecca and Chris Franson at 414-232-8836 or view their website at cprforallwi.com. Rebecca reassures anyone who seeks training that Wisconsin's "Good Samaritan" laws protect citizens who act in a critical care situation from lawsuits.

We ask a great deal of our Badger Region coaches, they adopt unusual schedules to accommodate practices and tournaments, they teach athletes not only volleyball skills, but how to win and lose gracefully, what it means to be a teammate, and other life skills. They must be ready to handle unforeseen circumstances on the court and with their team. Every club should consider how it can adopt the expectations placed on the youth sports by the Kai Lerner Bill and prepare our coaches, so they never face an SCA and have to say "I didn't know what to do".

Nominations being sought for those 'Caught Doing Good'

The Badger Region is looking forward to opportunities to feature athletes, coaches, officials and fans in the pages of our newsletter and on our website and social media.

Here's where you can come in.

You can also nominate someone for our Caught Doing Good program.

This is for those fans, coaches, officials, players, etc. who go above and beyond.

They are the ones who stay after practice and clean the gym. They are the ones who put in the extra half hour to help after practice if someone needs added training. They are the ones you go to get stuff done.

Let's recognize the folks who are doing things the right way and setting a great example for athletes at all events. And let's encourage one another to pay it forward and discourage poor sportsmanship or behavior on the court or off.

To fill out a CDG nomination and see previous winners, click

here: <https://badgervolleyball.org/caught-doing-good/>.

All winners and the folks who nominated them will get Badger Region apparel and other swag.

The deadline for nominations will be May 31, 2023.

Road trip!

Badger Region officials (from left) Larry Schoenick, Dave Huening, Jim Arts and Jeff Scott went on a road trip to the Big Sky VolleyFest in Billings, Montana, in early May. While on the road, the quartet stopped at Mount Rushmore for some sightseeing.

Memberships available for summer

Know somebody who needs a summer membership to participate in a Badger Region-sanctioned youth clinic, beach tournament or summer camp?

Discounted summer memberships valid through Aug. 31, 2023, and are now on sale and can be accessed under the membership tab at www.badgervolleyball.org.

Have questions about your membership? Contact the Badger Region office at membership@badgervolleyball.org or call the office at 262-349-9785.

Tourney entry date moved to Nov. 19

Black Friday can again be reserved for shopping, sleeping in or spending time with family. The Badger Region has moved its tournament entry for one-day events to 6 p.m. Sunday Nov. 19.

This has come at the request of club directors who said the previous dates conflicted too much with other activities on their professional and personal calendars.

AES will open at 6 p.m. the Sunday before Thanksgiving moving forward to allow club directors to enter their teams in one-day Badger Region tournaments. Oct. 1 remains the date to enter two-day or three-day events in the Badger Region.

The date to be accepted into tournaments (meaning fees have been received) in Monday, Nov. 27.

Two former Badger Region athletes part of U21 team

The U.S. Women's U21 Team defended its title at the NORCECA Pan American Cup with a 3-0 (25-13, 25-16, 25-21) win over Mexico on Sunday in the gold medal match in Nogales, Mexico.

The U.S. Women finished the tournament 5-0 without dropping a set. It was their second Pan Am Cup victory in a row and their third overall.

Chloe Chicoine was named tournament MVP and First Best Outside Hitter. Norah Sis was named Second Best Outside Hitter. Rachel Fairbanks took Best Setter. Gabrielle Essix earned First Best Middle Blocker and libero Lauren Briseño also won Best Receiver.

A crowd of 1,800 was on hand to cheer the home team. The Mexican Women's U21 Team responded in the third set, pulling to within two at 18-16 before the U.S. Women pulled away.

"I thought that Mexico were

great hosts this week and it was a wonderful crowd," U.S. Head Coach Dan Fisher said. "Our girls did a good job of not letting the crowd get to them. I thought our pins were very impressive the whole tournament and hit for very high numbers. Tonight, in the third set, Mexico really took a lot of chances with their serve, and it worked. We had to fight through that storm, and we did.

"I'm proud of this group."

The U.S. led Mexico in kills (46-27), blocks (13-4) and aces (6-3). Mexico scored 16 points on U.S. errors while giving up 10.

"I think that we prepared really well for this team, so we knew what to expect," Fairbanks said. "At times we could have executed better, but in the end, we picked up tips, we worked hard and were the more aggressive team."

Fairbanks and backup setter Alexis Stucky combined to set the U.S. Women to a .385 hitting efficiency.

Briseño was credited with 10 digs and nine excellent receptions. Chicoine and Sis were also credited with 10 blocks each.

Chicoine led all scorers with 19 points on 12 kills, a match-high five blocks and two aces. Opposite Devin Kahahawai added 14 points on 12 kills and two blocks.

Sis totaled nine points on eight kills and one ace. Middle blocker Bre Kelley finished with nine points on seven kills and two blocks.

Former Badger Region member McKenna Wucherer (Milwaukee Sting) played as a substitute and scored five points on four kills and one block. Essix scored five points on three kills and two blocks.

Former Badger Region member Kennedy Martin (FC Elite) was an alternate for this year's U21 team.

Former Franklin athlete on Men's U21 roster

Twenty current and future college volleyball players have been selected for the 2023 Men's U21 NORCECA Pan American Cup roster.

Twelve players from the roster will be selected to compete at the NORCECA Pan Am Cup on June 5-10 in Havana, Cuba.

Seven players on the roster return from the team that won gold at the 2022 Men's U21 Pan American Cup in Havana and qualified for the 2023 World Championship: middle blocker Nyherowo Omene, libero Christopher Connelly, outside hitters Dane Hillis, Trent Moser and Kyle Teune, opposite Shane Wetzel and setter Tyler Morgan.

Other outside hitters on the roster are Ben Putman, Patrick Rogers, Alex Rottman and Theo Snoey. The middles include former Badger Region member Nicodemus Meyer (Milwaukee Volleyball Club/Franklin High School), Owen Rose and Micah Wong Diallo. The setters are Island Doty

and Gabe Dyer. The liberos are Ryan Merk and Jacob Reilly.

Andy Read, who led the 2022 Men's U21 Team to Pan Am Cup gold, will serve as head coach. His assistants will be Rory Prager and Taylor Hammond.

"The U.S. team heading to Cuba will see a mix of some players from last year's team, but also some new players getting their first exposure to international competition," Read said. "The talent level of the group for this summer's competitions has taken a significant step up with almost every player coming off a highly successful collegiate season. Several of these young men have the potential to represent the United States in upcoming Olympics Games."

The roster for the 2023 FIVB Men's U21 World Championship on July 7-16 in Manama, Bahrain, will be announced

later this summer.

Get your jersey questions answered

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect.

To do so, the Region's Ref Chair is encouraging club directors or coaches to send images if there is any concern that numbers are not contrasting enough with the dominant color of the jersey or if a jersey is not contrasting for libero purposes.

The photos of the jerseys should not be of any junior athlete in uniform.

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

If your team plans to attend a USA Volleyball Boys or Girls Qualifier or National Championship, the Region can also help direct you as to the proper channels you must go through to get jersey waivers.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:

Summer

Hello everyone! Summer has finally arrived, and with it, the conclusion of another school year. Once you have an opportunity to catch your breath, I hope you will make time for some self-care to include rest, relaxation, and recovery from a challenging 2021-22. Additionally, I encourage you to enjoy the gifts of family and friends. You've definitely earned it!

Partners in Sport,
MARK HORBINSKI

STORY

EVEREADY

"I'm in a hurry to get things done. I rush and rush until life's no fun.
All I really gotta do is live and die. I'm in a hurry, but don't know why."
- Alabama

Being an educator/coach is exhausting. We seem to always be rushing around from one task or activity to the next, seldom slowing down. When this occurs, we risk missing out on all the beauty that life offers us. This is unfortunate, but did you realize that it can also be unhealthy? By wearing ourselves out without proper rest, we risk suffering physical and/or emotional breakdowns that can leave us and those we come into contact with damaged in our wake.

When you feel zapped of energy, emotionally fragile, lashing out at others, and/or devaluing the contributions of family and friends, it's your body's way of telling you that it's time to disconnect for a while and recharge your battery. Here are a couple "quick and easy" suggestions that work for me:

- find a quiet place, close your eyes, and relive a favorite memory in your mind
- talk to a little kid about something they enjoy doing
- listen to/watch a relaxation video on YouTube
- seek out a handful of people and tell them what you love about them
- read a positive story about mankind
- play with a puppy or a kitten
- spend a little time each day immersed in a hobby you enjoy
- take a walk, ride a bike, or do a workout
- give yourself permission to do nothing for a few minutes - then do nothing!

We all want to be Eveready, but even an Eveready needs to be recharged from time to time.

STAT

Multi-sport athletes display improved health and wellness including decreased injury rates, improved athletic performance, improved leadership skills and teamwork, better attendance in school, and better academic performance.
